

# Investigation of fracture toughness of Al-Mg alloys using finite Element method

Cheolsoo Kim, Takami Matsumoto, Michael Carpenter, Yi Wang\*  
AAA University, Tokyo, Japan, 17230  
Corresponding: yi.wang@microsoft.com

## BACKGROUND & OBJECTIVES

There are several methodologies to handle **material fracture** behavior is aaa and bbb, ccc, respectively.

## METHODOLOGY

There is a river full of memory

## RESULTS

A FRACTURE TOUGHNESS ANALYSIS

B HARDNESS MEASUREMENT
